Bern Medical - Your No Risk Claims Analysis Partner
**TOP 10 REASONS TO USE
BERN MEDICAL**

10. All billing records have errors. Don't take it personally.
9. Your lunch is a larger out of pocket expense than Bern's services.
8. Our analysis algorithm is so elegant; it doesn't need a reservation at The Plaza.
7. Let your IT staff sleep easy while our servers work 24/7 to find any discrepancy.
6. Due to filing deadlines of medical claims, we should have done the analysis "yesterday".
5. We deliver results within 2 weeks; you can live longer without food.
4. We find on average 2% of revenue.
3. We always found Waldo.
2. We helped recover \$2M for a radiology facility in Idaho.
1. Tell us what you want. Tell us what you don't want. We'll get you what you want.

Bern Medical finds historical under billing opportunities. We provide an analytical audit of every procedure being transmitted and assure that they are billed correctly. The services are risk free, we partner with providers and cover costs to administer the audit. We only take a percentage of recovered revenue. If we discover nothing, you pay nothing.
